

 **QUANTUMQUARTZ**
DESIGNER STONE

QUANTUM QUARTZ surfaces offer you design flexibility with a stunning selection of colours to choose from, available in XL slabs measuring 3210 x 1610 x 20mm* for a seamless finish.

The marble inspired NATURAL QUARTZ RANGE combines the beauty of natural stone with the convenience of engineered stone. Our latest designs feature intricate sweeping veins and are illustrated in full slab format so you can truly appreciate their grandeur.

Combine your favourite surface designs and colours to create your own dream kitchen.

NOTE: Quantum Quartz is a natural based surface. It may contain variation in colour due to raw materials. Particles used in the products may sometimes produce minor irregularities such as blotches and coloured particles. The Natural Quartz range of colours combine a mix of unique veins with some natural variations. Vein structure may vary. It is recommended for the customer to view the whole slab. Due to the printing process colours may vary from those in this brochure and should be used as a guide only.

Dream big with Quantum Quartz

Now bigger and better than ever, Quantum Quartz XL slabs are sleek and stylish; making them the perfect choice for kitchen benchtops, splashbacks, vanities and more.

The Ultimate In Stone Technology

Quantum Quartz contains up to 93% natural quartz, making it an extremely hard wearing, practical and highly versatile surface.

Slab Size*

We are modifying our slab size to bring you a bigger 'XL' slab measuring 3210 x 1610 x 20mm. The new XL slabs will be introduced throughout the year on a colour by colour basis as our original slab size of 3040 x 1440 x 20mm stock is depleted. Please check online or contact our office to confirm current slab size at time of order.

Slab Identification

Every Quantum Quartz slab is stamped on the underside to certify authenticity.

10 Year Limited Warranty

Quantum Quartz surfaces are of the highest quality and offer a 10 Year Limited Warranty. Full details available online.

Edge Profiles

Quantum Quartz recommends a minimum radius of 3-4mm on edge detail for optimal performance.

Arris 20mm

Arris 40mm
