

## THE PINNACLE IN STONE

Established in Melbourne in 2012, Stone Ambassador's exponential growth is due to its drive and dedication towards being the best in the industry. We let our products speak for themselves and are dedicated to the relationships we have with our clients.

Our years of product research and experience in the residential, commercial and international sectors of the building industry throughout Australasia mean that we are market leaders, innovators and have a high standard that will never be compromised.

Our growing team is proud of its grass roots beginnings and aspires to give you the feel of a small business who values our clients, with attention to detail and personal service, while also having the ability to internationally source beautiful products for the best possible results.

Our objective is to inspire you to create a space you're proud of. Our dedication to quality and our industry leading procedures allow for the creation of a coveted and bespoke product that can be infused with a plethora of colours.

The technology injected into our stone also means that longevity and durability come as standard, further strengthening its reputation for being the best quality stone available for commercial and domestic use.

Choose naturally occurring Stone Ambassador quartz in your next design to enhance the colour palette of your space and create beautiful lines with our finishes.
